SIZING GUIDE

The String Tes

- Print our chart of ring size circles making sure the pdf is at actual size.
- Cut a small piece of string, thread or ribbon from a spool.
- Compare your measurement with our sizing chart.
- TIP: Be careful not to wrap the string too tight. Aim for a comfortable, snug fit.
- TIP: For the most accuracy, have someone help you measure and double check your measurement.

FREE SHIPPING

- You will notice that the price of each ring goes up each half-size. This additional price covers the additional metal used as the ring is sized larger.
- If you need your ring sized at a future date for whatever reason, just contact us and we will do that free of charge (excluding shipping and handling fees).
- Sizing your ring often is not recommended, as it will significantly decrease the strength of the ring shank.
- Remember that your fingers will swell in heat and shrink in cold.

Size 3	Size 3.5
14.0 MM	14.4 MM
Size 4	Size 4.5
14.8 MM	15.2 MM
Size 5	Size 5.5
